RECRUITMENT OF CONTRACT STAFF

Indian Institute of Management Visakhapatnam invites applications from eligible candidates for the following position on contract basis:

S.No.	Position	No. of Posts
1.	RESEARCH ASSOCIATE (Data Science) at Interdisciplinary Decision Sciences & Analytics Lab (IDeAL)- IIMV	1 post

About IDeAL: The Interdisciplinary Decision Sciences & Analytics Lab (IDeAL) is a Centre of Excellence at the Indian Institute of Management Visakhapatnam. The Lab is dedicated to academic research, industrial and Government consultancy, product development and training, and supports inter-disciplinary research using innovations in artificial intelligence, machine learning, deep learning, cloud computing, graph analytics, game theory, cyber-physical systems and pervasive computing, while keeping Mathematical Optimization and Data Science at the core of its approach to solving the inter-disciplinary problems faced by India and other emerging economies.

Position 1: RESEARCH ASSOCIATE — Data Science (1 Post)	
Educational Qualification	Essential: - BE / B.Tech or M.Sc. in Mathematics or Computer Science, from a recognised university/institutio. Desirable: - M.Tech / MS / MCA or higher qualification in Mathematics, Computer Science, Operations Research, Data Science or a closely related discipline.
Work Experience	Essential: - Minimum one year of experience in applied or quantitative research, analytics, mathematical modelling or software development. Fresh candidates may be considered if they have done good projects during their bachelors Desirable: - Experience in a research laboratory, Centre of Excellence, or a sponsored research / consultancy project in an academic or research institution.
Skills Required	- Strong mathematical and statistical modelling skills, including mathematical optimization. - Demonstrated programming ability in C++ and Python, with familiarity with relevant scientific and analytical libraries and with version control. - Working knowledge of machine learning and deep learning methods; exposure to cloud computing and graph analytics is preferred. - Ability to work in inter-disciplinary areas of applied research, such as healthcare, natural resources and cyber-physical systems. - Ability to prepare technical documentation, project reports and presentations of publishable quality. - Strong problem-solving orientation, with the ability to work both independently and as part of a project team. - Good communication skills in English; knowledge of Telugu and Hindi will be an added advantage.

Position 1: RESEARCH ASSOCIATE — Data Science (1 Post)	
Job Description	- Support the ongoing academic research, consultancy, product development and training assignments of the Lab. - Collect, curate and prepare datasets; develop, test and validate mathematical, statistical and analytical models. - Assist in the preparation of research proposals, project reports, deliverables and technical documentation for sponsoring agencies. - Maintain IDeAL website, code repositories, project records and documentation in an orderly and auditable manner, and ensure a complete handover of all project material at the conclusion of the engagement. - Coordinate with Head-IDEAL, project teams, sponsoring agencies, industry partners and student assistants as required. - Contribute to the training programmes, workshops and outreach activities of the Lab. - Report to the Head, IDeAL, IIM Visakhapatnam. - All other works assigned from time to time.
